a balanced pH

FRAGRANCE-FREE

APPLICATION

To be used as a gentle, fragrance-free shampoo with a balanced pH. Provides hydration, enhances coat shine and suppleness, and helps prevent dehydration.

- Gentle and mild, suitable for daily use
- Balanced pH
- Contains lanolin to prevent dehydration

Eclipse Biofarmab Mild Shampoo is a pH-balanced, fragrance-free shampoo designed for horses.

Its moisturising properties effectively enhance coat shine and suppleness while guarding against skin dehydration.

Equipped with a convenient spray nozzle, this shampoo effortlessly eliminates even stubborn dirt, making it suitable for cleaning sensitive skin without the need for vigorous scrubbing or direct contact.

The easy-to-use spray nozzle also promotes economical use, ensuring the shampoo lasts through numerous washes. Ideal for frequent washing routines.

INSTRUCTIONS FOR USE

Without spray nozzle: Rinse the horse thoroughly. Massage the shampoo into the wet coat. Rinse off.

With spray nozzle: Attach the hose's quick connector to the spray nozzle, ensuring a secure fit. Turn on the water until you achieve the desired flow. Adjust the flow by pressing the latch backwards and turning the disc. After washing, rinse off.

For external use only.

COMPOSITION

Lanolin, Anionic Surfactants.

SHELF LIFE

36 months.
