Stabilises the horse's temperament

STABLE TEMPERAMENT

APPLICATION

To be used for naturally stabilising the horse's temperament.

- Focus without affecting performance
- No sugar added
- L-tryptophan, magnesium, B vitamins and Vitamin C

Eclipse Biofarmab Biocool is formulated with essential substances to naturally stabilise the horse's temperament.

Horses have evolved to rapidly react to danger signals, an inherent reflex initiating various chemical reactions within their system. After the perceived threat has passed, specific bodily substances work to neutralise the initial triggers. B vitamins, Vitamin C, L-tryptophan, and magnesium play a pivotal role in supporting, among other things, the nervous system.

In situations where horses are exposed to stress, like during travel, competition, and training, their regular feed may not sufficiently provide certain essential substances. Supplementing these nutrients can help in stabilising the horse's temperament without compromising its performance. Furthermore, the inclusion of inulin enhances the intestinal microflora, thereby improving nutrient absorption.

FEEDING DIRECTIONS

Pony: 0.5 scoop/day

Horse: 1 scoop/day

Large-sized horse (over 600kg): 1.5 scoops/day

Mix well in feed.

For optimal results, administer BioCool for a minimum period of 7 days. If required, the dose may be safely increased to twice the standard amount.

1 scoop = 10 g

SIZES AVAILABLE

1097 400 g = 30 days supply at 10 g/day

1099 2 kg = 200 days supply at 10 g/day

SHELF LIFE

24 months.

COMPOSITION

Inulin.

ADDITIVES

	1000 g	13 g
Vitamins:		
Thiamine	12 000 mg	156 mg
Niacin	8000 g	104 mg
Vitamin B12	10 mg	0,13 mg
Vitamin C	15 000 mg	195 mg
Vitamin B2	2960 mg	40 mg
Vitamin B6	4000 mg	52 mg
Folic acid	800 mg	10,4 mg
Amino Acids:		
L-tryptophan	150 000 mg	1950 mg
Trace elements:		
Magnesiumum Oxide	7000 mg	91 mg

ANALYTICAL CONSTITUENTS

Crude Protein 15.5%, Crude Ash 2.0%, Crude Fats and Crude Oils 0.2%, Crude Fibre <0.5%, Sodium 0%.
